REPUBLICANS IN CHARGE.

Have Ninety-seven on Joint Ballot.

Deadlock Between Leaguers and Regulars Will Give Democrats Chance.

Hewitt of Yuba Named as Likeliest Candidate for Speakership.

New Governor Will Miss Benign Face of His Father in Legislature.

BY DIRECT WIRE TO THE TIMES.
SACRAMENTO, Nov. 11.—[Exclusive Dispatch.] With nearly a hundred Republicans in the next Legislature, party affiliation is liable to cut little figure except possibly in case of a deadlock between Republican factions over the United States Senatorship.

The Democrats have no candidate of their own and the idea that they will do. The Republicans are just about as much up in the air.

According to returns that have been received, the Senate will consist of thirty-one Republicans and nine Democrats. The Assembly of sixty-six Republicans and fourteen Democrats, a total of joint ballot of ninety-seven Republicans and twenty-three Democrats.

Relatively, the Democrats will be much stronger in the Senate than in the House, and their political moves will be directed from that end of the Capitol. Most of their strong men have been re-elected. Cartwright, best former Assemblyman, drew, Chester Rowell's choice in the Fresno district.

The veteran Caminetti, who voted for George Perkins two years ago, enters upon another term, having had the secret support of Meyer Lissner in his campaign. It is charged in his district, Sanford and Curtin, both able men, have been re-elected on the Democratic ticket.

MORE NEW MEN.
Among the Republicans, there are more new men. Frank Leavitt, long a floor leader, was left behind at the primary. Walter Price of Santa Rosa, Democrat, who did creditable work in the Assembly two years ago. E. A. Boynton, Marshall Black and Leroy Wright are the most prominent of the new men.

Three of the new Senators were promoted from the Assembly. Hans Reagan and Beban, all Republicans. Bell of Pasadena, received in the Republican caucus at the special session this fall and restored to regularity, will teach Lee Gates and Leslie Hewitt the ropes.

In the House, of course, the changes are legion, and are particularly noticeable in the southern delegation. The Los Angeles contingent, powerful in the past, has entirely changed. Stanton, Leeds, Transue and Rech, all no-

W. F. Englebright,
Representative from First California Congressional District, who is probably defeated by Democrat.

ENGLEBRIGHT IS PROBABLY OUT.

RAKER APPEARS TO HAVE WON IN FIRST DISTRICT.

Giving Present Congressman Everything He Claims, His Democratic Opponent Has 75 Votes to the Good—Few Precincts Not in Favor of Raker for Representative.

BY DIRECT WIRE TO THE TIMES.
SACRAMENTO, Nov. 11.—[Exclusive Dispatch.] With three small mountain precincts in Humboldt county to hear from, and a few scattering precincts in several of the Raker counties still out, the returns from the First Congressional District indicate that John E. Raker, of Modoc county, has been elected to succeed W. F. Englebright as Representative in Congress.

Giving Englebright everything claimed by him, the returns show that Raker has a majority of seventy-five. With the precincts yet to come in, Raker's majority, it is believed, will be increased to near 200.

Englebright this afternoon stated at his home in Nevada City that he considered he had won the fight by twelve votes. Chairman Bull of Eureka, Humboldt county, Englebright's right-hand man, declared this afternoon that indications were not encouraging for Englebright.

The following are the majorities of the two candidates on the face of returns thus far in:

Englebright—Humboldt, 2417; Del Norte, 194; Calaveras, 58; Alpine, 50; Mono, 118; total majority, 2747.

Raker—Nevada, 45; Siskiyou, 425; Modoc, 280; Shasta, 115; Tehama, 562; Trinity, 30; Lassen, 286; Plumas, 119; Sierra, 150; Placer, 49; Eldorado, 328; Amador, 12; Mariposa, 109; Tuolumne, 163; total majority, 2822.

INSURGENTS DENOUNCED.

Suffragettes Have Real Politics.

New Party Shows Head in Illinois Convention and Is Promptly Rapped.

Chicago Organization Rebuked for Breaking From the "Machine."

BY DIRECT WIRE TO THE TIMES.
ELGIN (Ill.) Nov. 11.—[Exclusive Dispatch.] The insurgent suffragettes were repudiated today at the opening of the forty-first annual convention at Elgin when Mrs. Antoinette Funk, Miss Margaret Haley and Mrs. Fannie H. Rastall, of the new suffragist party, were rebuked for attempting to control the organizing of wards and precincts.

Mrs. L. S. Stewart of Evanston led the attack on suffrage "irregularity." Dr. Anna E. Blunt added another denunciation, and Dr. Anna H. Shaw, national president, brought the onslaught against the new party founders to a climax.

The objections were raised because the "insurgents" were accused of banding together when they knew the State convention plan was being put on. A church auditorium filled with delegates from all parts of the State cheered enthusiastically as Mrs. Catherine Waugh McClellan outlined the case for the State body—a direct slap at the party incorporators. Mrs. Funk's party finally was allowed to affiliate with the association with permission to send one delegate to the convention meeting.

TELLS OF "INSUBUING."
All during the afternoon's activity, it appeared as if the State suffragettes would ignore the new party, but Mrs. Frank White, of Chicago, broke the ice by suggesting that Mrs. Funk or Mrs. Haley tell something about their band.

Mrs. Funk, as incorporator of the party, complied.

Her explanation was that brings results seems to have come over the country," she said. "We have taken advantage by organizing a party and by January 1 of next year we are considered to have been in the State organized in Cook county."

"When we organize, the scrub women of the City Hall will not have their pay cut while the janitors get an increase. We don't open anybody or anything. I am one of the officers of the new party and it is my pleasure to appear before the delegates with the greatest good feeling."

SILENCE FOLLOWS.
Silence followed this speech. Then Mrs. Ella S. Stewart told the women that nothing in the State association charter could prevent the new party from organizing and on payment of \$10 dues it would have permission to send a delegate to the annual convention. But she would not grant it the privilege of taking charge of the State association's party work.

"I am with the national organization in its proposal to organize along party lines," said Dr. Blunt, "but I feel that we should do the organizing ourselves in a manner suggested by the delegates. We don't open anybody or anything. I am one of the officers of the new party and it is my pleasure to appear before the delegates with the greatest good feeling."

"An entirely new force is not needed. The idea is to have the State association what you want and it can be done."

"We must beware of paper organization and approve only of such action as will be taken by the State body throughout its existence. An honest effort in favor of a suffrage party to supplement the work that can be done in clubs, but I believe that the State organization is quite competent to manage its own affairs."

BONI WANTS ANOTHER HEIRESS.
Profligate Parisian, Who Married Anna Gould, Is Again Seeking Rich American Bride.

BY DIRECT WIRE TO THE TIMES.
NEW YORK, Nov. 11.—[Exclusive Dispatch.] Count Boni de Castellane, who married Miss Anna Gould, is seeking another rich American bride. It was reported today. It is declared he has filed a petition with the Vatican for a Papal confirmation of his divorce so that the way to another marriage will be opened to him. A friend of the Castellane family in this city said today:

"It may seem incredible, but it is true that the Count is contemplating another matrimonial alliance with an American heiress. He will soon visit America."

ORGANIZATION IS AGAINST CLARK.**Thirty Congressmen Line Up in Opposition.****Southerners Seek Speaker-ship Honor.****Committee Appointment May Cause Big Split.**

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Nov. 11.—[Exclusive Dispatch.] A conception of the activity in the Democratic fight over the Speakership in the Sixty-second Congress can be gained from the fact that thirty-nine Democratic members of the present Congress already are pledged to vote against Champ Clark of Missouri, the minority leader and logical choice of the Democrats for the place. In the present Congress are fifty-two Democrats from Northern States. In the Sixty-second Congress the number will be practically doubled, and large gains in opposition to Mr. Clark's election as Speaker are claimed by the coteries opposed to him.

The Southern Democrats in this combination hope the 102 Democrats already known to be elected to the House from Northern States will hold out for one of their number as Speaker, believing that in this way Democratic success in 1912 may be assured.

It is manifest that the ideal Democrats in Congress will be the "progressives" of the Democratic party in the Sixty-second Congress. At bottom they are all in favor of taking from the next Speaker, whoever he may be, the power to appoint committees in the House. This proposal Mr. Clark once espoused, but he is now opposed to it, and it is a vital issue in his campaign for the Speakership.

Indications are that both regular and "insurgent" Republicans in the present House, assisted by the radical Democrats, may vote to take the appointment of committees from the Speaker. The Democratic majority will then be asked to ratify such a rule. The Democrats probably will split over the issue, thereby rendering the Cannonian fight for the campaign of 1912.

There is discussion of the opportunity offered for combination of House Democrats and Senate Republicans "insurgents" to take the tariff out of politics.

Many prelates and other dignitaries of the Catholic church have arrived at New Orleans to attend the annual meeting of the National Council of the Knights of the Ku Klux Klan, which opens Sunday. Monseigneur Falconio, papal delegate, will arrive today.

BRITISH PARTIES ARE PUTTING ON WAR PAINT FOR HOT CAMPAIGN.**[ASSOCIATED PRESS NIGHT REPORT.]**

LONDON, Nov. 11.—An early general election, which would settle the question of whether it will take place in December or January.

Premier Asquith, who must decide this question, has kept his own counsel. He left town yesterday, and even the members of the cabinet knew his destination until the newspapers announced his arrival at Sandringham, where King George is in residence.

The object of the visit is to acquaint his majesty with the failure of the Constitutional Conference and to advise him of the course the government intends to pursue.

It is believed the cabinet has decided not to carry on any further work in Parliament until assured of success for the government's policy. Ordinarily the resolution on the veto power of the House of Lords, which passed the House of Commons at the last session, would be discussed in the upper chamber, and the government would await rejection before taking action. The refusal of the Constitutional Conference to accept the government's compromise, however, makes discussion of the veto resolution useless in the view of radicals.

Liberal circles favor an immediate election, believing the party would

LYMAN ABBOTT APOLOGIZES FOR ROOSEVELT AND HIS DEFEAT.**[ASSOCIATED PRESS NIGHT REPORT.]**

NEW YORK, Nov. 11.—Dr. Lyman Abbott, editor of the Outlook, of which Theodore Roosevelt is a contributing editor, gave in today his (Dr. Abbott's) interpretation of the recent election, embodied in an editorial to appear in the next issue of that publication.

"Popular dissatisfaction with present conditions, especially with the high prices; indignation at the manifest control by the special interests of the tariff revision and still more at the defenses and the prosecution, which furnished by Republicans; a growing conviction that there was an alliance between the special interests and the Republican oligarchy, with the belief that the easiest way to hit at it was by voting with the opposition; indifference in an election, which to many voters appeared to be a contest rather between persons than between principles—an impression which a too personal campaigning tended to increase; a general inclination in America, to make a change in political control from time to time, an inclination which the political conditions prevailing in the United States does much to justify; some fears in certain quarters, not less politically effective because wholly undressed by the specter of radicalism should work havoc to business interests; the fact that the Republican party was divided between the insurgents and the regulars while the Democratic party, freed from the traditions of Cleveland and the personality of Bryan, was for the first time in years united—all these causes combined helped to bring about a political revolution."

"But I do not believe the election indicates a reaction and a revolution. The fact that in every State except Indiana, where there was a definite popu-

SENATOR FLINT IS BACK.**Arrives With Family From Europe; Says Fruit Growers Need Protection Against Europeans.**

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Nov. 11.—[Exclusive Dispatch.] Frank P. Flint of California, United States Senator, who will retire in March and resume his law practice, arrived today with his wife and daughter from the Mediterranean. He was not surprised at the result of the election, saying that it was in part to "public criticism of certain men of our party." Mr. Flint said he hoped that if there was any revision of the tariff it would be only after careful consideration by the tariff board.

In regard to his own State he said that his experience in Europe had shown him that California could not hope to compete with fruit producers there without some protection.

ROAD MAN CHANGES POLITICS.**Cincinnati Financier, Fresh From Europe, Says Roosevelt Is Regarded as Agitator Abroad.**

(ASSOCIATED PRESS DAY REPORT.)
NEW YORK, Nov. 11.—Eugene Zimmerman, Cincinnati railroad man and financier, came here today from Europe on the Lusitania, all smiles over the Democratic landslide. Mr. Zimmerman said he had been a life-long Republican until the last few months, but now he was a Democrat.

"I believe in protection," said Mr. Zimmerman, "but a revision of the tariff is necessary. In revising the tariff the Democrats must be careful not to go too far."

Mr. Zimmerman said he considered the result in many States to represent in a large measure a rebuke to Col. Roosevelt, and added:

"The people do not want a dictator. This is the end of Roosevelt. On the other side he has been looked on merely as an agitator. The people there, I am sure, are not sorry to see him meet the end he did."

DEFEATS MAN FOR OFFICE.**Texas Woman Refused Place on Democratic Ticket; Runs as Independent and Wins.**

(ASSOCIATED PRESS NIGHT REPORT.)
LUFKIN (Tex.), Nov. 11.—Full returns from the election of Tuesday showed that Mrs. Brit Trevelyan has defeated W. J. Ivey, the Democratic nominee for County Clerk of Angell county by 200 votes.

Mrs. Trevelyan's husband held the place and was the party nominee for re-election, but died. His widow was appointed to the position but the county committee declined to nominate her on the ground that she was a woman. Mrs. Trevelyan then ran as an independent. This is the first time a Democratic nominee was ever defeated in this section.

May Be Princeton's Chief.

UTICA (N. Y.), Nov. 11.—Friends of Hamilton College, N. Y., where Dr. W. Stryker, the president, intimated today that he would be called to the presidency of Princeton.

GENERAL ELECTION.**APOLGIA POLITICA.****LYMAN ABBOTT APOLOGIZES FOR ROOSEVELT AND HIS DEFEAT.****[ASSOCIATED PRESS NIGHT REPORT.]****NEW YORK, Nov. 11.—Dr. Lyman Abbott, editor of the Outlook, of which Theodore Roosevelt is a contributing editor, gave in today his (Dr. Abbott's) interpretation of the recent election, embodied in an editorial to appear in the next issue of that publication.****"Popular dissatisfaction with present conditions, especially with the high prices; indignation at the manifest control by the special interests of the tariff revision and still more at the defenses and the prosecution, which furnished by Republicans; a growing conviction that there was an alliance between the special interests and the Republican oligarchy, with the belief that the easiest way to hit at it was by voting with the opposition; indifference in an election, which to many voters appeared to be a contest rather between persons than between principles—an impression which a too personal campaigning tended to increase; a general inclination in America, to make a change in political control from time to time, an inclination which the political conditions prevailing in the United States does much to justify; some fears in certain quarters, not less politically effective because wholly undressed by the specter of radicalism should work havoc to business interests; the fact that the Republican party was divided between the insurgents and the regulars while the Democratic party, freed from the traditions of Cleveland and the personality of Bryan, was for the first time in years united—all these causes combined helped to bring about a political revolution."****"But I do not believe the election indicates a reaction and a revolution. The fact that in every State except Indiana, where there was a definite popu-****lar insurgent movement, within the Republican party, that party won in the election; that in every State except Pennsylvania, where there was no insurgent movement within the party or where it failed, the Republican party failed in the election; that with the single exception of the Senator from Indiana, no Senator who was retired by failure to secure a renomination in the Democratic party, represents the progressive element in the party; that of the Governors elected a decided majority represent the progressive rather than the reactionary element in their respective parties, including such representatives of the progressive element as Woodrow Wilson on the Atlantic Coast and Hiram Johnson on the Pacific; that the insurgents are no longer, but are recognized as the party of the future; that the greatest falling-off in the Republican vote was in the State of Pennsylvania, where the vote was not once heard in the campaign, is significant if not conclusive on that point.****"The simple fact is that a Democratic triumph was not only predicted by both Democrats and Republicans eight months ago and was fore- shadowed by the enforced vote of Messrs. Aldrich and Hale from the Senate, and by the Maine election in September.****"Mr. Roosevelt was called in to save the situation; he responded to the call, but could not turn the tide. He did something very important, he heartened the progressives in his own party, carried forward in his own State the work of party purification, well begun by Hughes, and did something to inspire with the spirit of genuine and national Democratic progress the party of his political opponents."****Eyes Exposed to Sun, Wind, Dust and****Restoring Influences Appeal to Autists, Tourists, Railroad Men, Mechanics, Firemen and Students.****MEXICO.****(Continued from First Page.)**

Mexico City for participation in the riots there, according to advices received by the State Department today from United States Ambassador Wilson. The Ambassador says the streets are being patrolled and he does not expect any further acts of violence. The Mexican authorities have furnished ample protection for the American embassy.

GOVERNOR ORDERS CRIME INVESTIGATION.**(BY DIRECT WIRE TO THE TIMES.)****HOUSTON (Tex.), Nov. 11.—[Exclusive Dispatch.] Gov. Campbell in Houston en route to Austin said in an interview that he instituted an investigation of the lynching of a Mexican at Rock Springs immediately after the affair but that he has not yet received a formal request to do so from the State Department at Washington.****The Governor said that he has been away from Austin for several days while making a swing around the State, and that he did not know what has taken place at the capital during his absence.****"I do not know whether a message has been received at Austin requesting an investigation of the affair," he said, "but I am sure that the investigation of the Rock Springs matter before leaving Austin, and up to that time I had received no communication from Washington."****"I expect to reach Austin in the morning, and will then determine what is to be done in the matter after I have learned what has been taken during my absence."****Gov. Campbell declined to discuss the action which he is taking, but he said that he knows nothing of the circumstances except what he had read in the newspapers, and that he could not tell what might be the result of his new mission about the affair. He has been visiting the Huntsville Penitentiary and the Normal School, passing through Houston on his way back to Austin.****LOCAL CONSUL GETS WASHINGTON ADVICES.****Antonio Losano, Mexican Consul in this city, today received the following telegram from Ambassador de la Barra, at Washington:****"On account of the atrocious lynching of the Mexican citizen, Antonio Rodriguez, at Rock Springs, Tex., there have been in the city of Mexico several anti-American demonstrations by mobs, led at the beginning by the students. When said demonstrations ceased to be peaceful the authorities suppressed them and the order was restored."****"DE LA BARRA."****YOUTHFUL DESPERADO ESCAPES.****Two Hundred Men Scour Kentucky Mountains for Fugitive—Breathit County Excited.****(ASSOCIATED PRESS NIGHT REPORT.)****LEXINGTON (Ky.), Nov. 11.—While armed posse numbering more than 200 men searched throughout Breathit county today for Jacob Noble, who killed Jailer Wesley Turner last Tuesday, the feudist eluded his pursuers and at a late hour tonight was in hiding somewhere in the mountains.****The posse sent out today, headed by deputy sheriffs, have orders to arrest Noble, dead or alive, and it is expected a hot war will ensue when he is encountered.****Noble, who is only 21 years old, is charged with three other homicides preceding the killing of Turner.****Personal enmities between Noble and Jackson, the county seat of Breathit county, say a reign of terror exists throughout the county, and that hundreds of citizens have armed themselves in view of the possibility of coming in contact with Noble.****FIVE KILLED IN MINE.****Gas Explodes, Shaking Earth for Miles in Illinois, and Fire Follows; Eighteen Hurt.****(ASSOCIATED PRESS NIGHT REPORT.)****HILLSBORO (Ill.), Nov. 11.—Five men were killed and eighteen injured as the result of an explosion in the mine of the Shoal Creek Coal Company of Chicago, at Panama, twelve miles north of here today.****Four of the men were killed outright, and the fifth died from injuries later. He was an Italian who was so badly mangled that he could not be identified.****The gas, which had accumulated over night in a pocket several hundred feet from the mouth of the shaft, exploded shortly before 6 o'clock, tearing out the timbers and shattering the works, shaking the earth for miles around.****A series of small explosions followed, and the men who escaped death were injured by falling slate and high flames from the explosion.****About 300 men were at work in and about the mine at the time, most of them being outside and away from danger. Fifty men in the entry of the shaft were rescued.****ALL VOTE ONE TICKET.****AUSTIN (Tex.), Nov. 11.—[Exclusive Dispatch.] For the second successive time Zapata county Texas voted solidly Republican at the election last Tuesday.****Not a vote for a Democratic candidate was cast in the entire county. It gave all its fifty-nine votes to J. C. Terrell, Republican for Governor.****Two years ago the county voted solidly for President Roosevelt, and it is in the lower Rio Grande border region. It is expected to hold the record for the best Republican county in the United States.****T. R. SILENT; PEOPLE WONDER.****OYSTER BAY (N. Y.), Nov. 11.—Oyster Bay vainly wonders today what has become of Col. Roosevelt, who is said to have returned from Sagamore Hill. Not since his return from the Spanish-American war twelve years ago has the colonel kept himself so secluded at his home and the village folk do not know what to make of it. The colonel has not even indulged in his favorite diversions, golf and fishing with an axe, which so delighted his visitors. It is said the colonel spends most of his time in his library.****RHODUS DENIES CONFESSION.****CHICAGO, Nov. 11.—Leigh Rhodes, who, when arrested in East St. Louis, confessed to the murder of William F. Mitchell, and Anton Heibel in Chicago, declared today that his East St. Louis confession was a mere matter of duress. He denied having committed the murders, saying: "I confessed because two assistants of Chief Ryan beat me with rubber clubs. I had to tell that story. I am innocent and will prove it."****EX-OFFICIAL CONVICTED.****CHESTER (S. C.), Nov. 11.—John Blank, former member of the old State Dispensary Board, indicted jointly with Jodie M. Rawlinson and H. INVESTIGATES
ESPEE TITLES.Fast Oil Tracts May Revert
to Government.Mr. Taft Starts Real Con-
servatism Plan.Patents to California Area
Are Involved.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Nov. 11.—[Exclusive Dispatch.] Whether the Southern Pacific's action in the matter of oil land is good may soon be determined. The question has been long urged on the administration by California oil operators. President Taft took steps before he left Washington that may mean the recovery of thousands of acres of public lands that are alleged to have been improperly or illegally acquired. If this plan proves successful, administration officials believe he will have done more genuine work of real conservatism than ever before known.

The President directed Atty.-Gen. Wickersham to proceed with an inquiry and later with such legal proceedings as may be necessary. This term, whether 6000 acres of valuable oil lands in California which were patented some years ago to the Southern Pacific Railway Company were known to contain oil at the time of the patent, if it is shown to be true the government is to proceed to recover the land.

PRESIDENT IS SUSPICIOUS.
The suspicion is held by the President, Atty.-Gen. Wickersham and Secretary Ballinger that many thousands of acres of public lands were patented with the private knowledge that they contained oil or other minerals. Just what form of proceedings will eventually be instituted by the Department of Justice will be known until the records of the Interior Department are thoroughly searched and all the facts brought out. The department is searching inquiry through secret channels of the government. The lands that are thought to have been illegally acquired are valued at millions of dollars. They are in possession of railroad corporations and individuals. Officials of the Department of Justice refuse to talk but they are known to be at work upon the matter.

PROCEEDING ONLY A START.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Nov. 11.—President Taft decided to act after several conferences with Secretary Ballinger and the Attorney-General, just before he left Washington on his trip to Panama.

Mr. Ballinger and Mr. Wickersham had an extended conference on the subject yesterday. The investigation has been made to the President that thousands of acres of public lands have been patented to individuals with the knowledge that they contained oil and in many cases found their way into the hands of the corporations.

In directing the Attorney-General to begin an inquiry into the patents on the lands by the Southern Pacific Company, the President is said to be making only a beginning.

SEARCHING THE RECORDS.
The agents of the Department of Justice have begun a search of the records of the General Land Office preliminary to a complete investigation of the patents of any lands which it may be thought were taken from the public domain with the private information that they contained oil or minerals.

The Southern Pacific's lands now in question were patented several years ago. Thousands of acres of other land

in the same vicinity were patented at the same time. In the meanwhile discoveries of oil gushers in California have occurred on some of the land. President Taft's instructions to Mr. Wickersham are to conduct an investigation with all the facilities at the command of the Government and if the results warrant such a course, to begin proceedings for restoration to the public domain of all lands so patented.

Those who have heard of the President's action say that if his plans are successful a genuine work of conservation will have been accomplished.

CHINA TRADE AT LOW EBB.

Federal Department Reports Year-
and Figures With Show Lowest
Total for Years.

(ASSOCIATED PRESS DAY REPORT.)
WASHINGTON, Nov. 11.—The value of the United States export trade to China has been sinking gradually in the last five years, but in the present year is expected to show the lowest total for many years, according to a bulletin from the Department of Commerce and Labor, issued today.

From a maximum of about \$100,000,000 in 1905, exports to China have declined to approximately \$55,000,000, which is the total estimated for the present year ending next month. For the nine months ending with September last, the total was only \$12,750,000.

The falling off in the value of American exports to the celestial empire occurred in China and the last quantities of cotton yarn were shipped from India

to the advances in the prices of American raw cotton.

Mineral sent to China show a decline in value but actual advance in quantity.

BANKS REFLECT PROSPERITY.

TREASURY DEPARTMENT DATA.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 11.—If the prosperity of the nation can be judged by the condition of the banks, the year ended on June 30 must have been a banner one for the American people. The high cost of living does not detract from the fact that according to figures compiled in the Treasury Department, deposits in the banks during the year ended June 30 were more than \$4,000,000,000. The average deposits account was \$445.22, an advance of about 10 percent over the year before. There were \$1,000,000,000 more savings bank deposits than there were a year ago and the total of the deposits in all banks was \$1,000,000,000 more than the year before. Capital employed by banks of all classes in the United States increased \$100,000,000 during the year. Individual deposits in the banks increased more than \$2,240,000,000 and the aggregate assets increased \$1,885,000,000. The banks, however, are holding about \$1,000,000,000 less in cash than they did in 1909.

PEACE OFFICER IS ACCUSED.

Oklahoma Petty Judge Is Held for
Death of Young Woman.

Found Strangled.

(BY DIRECT WIRE TO THE TIMES.)

ALVA (Okla.), Nov. 11.—[Exclusive Dispatch.] N. L. Miller, justice of the peace, was ordered held today by the coroner's jury for further investigation in connection with the death of Mabel Baker, an old stenographer, who was found dead in the rear of his office with a fascinator wound slightly about her throat.

Physicians testified that the girl died of strangulation. A post-mortem examination showed that the wound had become a mother son.

The girl's father testified that he has accused Miller being intimate with his daughter and Miller told him he would marry the girl as soon as he could get a divorce. Miller has a wife and two small children.

GOULD'S AUTO KILLS MAN.

LAKEWOOD (N. J.), Nov. 11.—A big automobile bearing King Gould to the railway station collided today with a bicycle, ridden by Orville Johnson, who was badly injured and died in the hospital. George Gould, father of King Gould, was driving an automobile back of the machine when he and the young man hurried the injured boy to the hospital.

SMALLPOX IN MICHIGAN.
[ASSOCIATED PRESS NIGHT REPORT.]
LANSING (Mich.), Nov. 11.—With smallpox reported in thirty localities in fourteen counties of Michigan and state troops ordered to act as quarantine guards at the State Home for the Feeble Minded at Lapeer, health officials in every part of the lower peninsula are engaged in a desperate fight to prevent the further spread of the scourge. Conditions at the Lapeer Home are pathetic. Twenty-five cases and six deaths have been reported. One inmate of the home escaped today.

BIG EATING CONTEST IS ON.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Nov. 11.—An eating contest began yesterday at Park Ridge, a suburb, when the first candidate "weighed in" on the scales at the Northwestern station, and it will continue for thirty days. During that space of time, eating in all its forms and ramifications, from the best fat-

NEW DIRECTORATES NAMED
FOR THE TROLLEY LINES.Southern Pacific, With Its Board, Takes Full Control
of the Pacific Electric, Now Its Own, and Huntington,
Heading a New Organization, Becomes Absolute Master
of Los Angeles Railway Corporation.

THE TRANSACTION involving the passing of the Pacific Electric trolley lines to the Southern Pacific has been concluded. Former directors have been succeeded by the new, and the Huntington management has surrendered the Pacific Electric to Southern Pacific control. Mr. Huntington is now supreme in control of the Los Angeles Railway Corporation, including the city lines of the Pacific Electric, recently taken over.

"I am through," said H. E. Huntington, at the Jonathan Club last night. "The business was concluded at the meeting held in Santa Barbara today. The Southern Pacific is now in control of the Pacific Electric line and the Huntington interest in the Los Angeles Railway lines has passed. I was assured by R. S. Lovett, head of the Southern Pacific, in New York, recently, that the same broad policy that has dominated the management of the Pacific Electric in the past will be continued under the new regime, and I believe it. The people of Southern California may be assured of fair, liberal treatment in the future."

DIRECTORATES CHANGE.

The meeting of the Los Angeles Railway Company was held in Santa Barbara yesterday. This was made necessary by the fact that the company was originally incorporated with San Francisco as its headquarters, and later transferred to Santa Barbara.

H. E. Huntington, Howard Huntington, W. P. Herrin, Epes Randolph, C. Ward and other officers and directors attended the meeting where the formal transfer was made to the Los Angeles Railway Corporation. Hereafter the company that is in control of the city lines formerly operated by the Los Angeles Railway Company, and the city lines of the Pacific Electric. Hereafter the changes made in the various corporations.

The new directors of the Pacific Electric are W. P. Herrin, president; Paul Shoup, vice-president; William Hood, secretary; R. C. Willis, treasurer; Epes Randolph, C. W. McKinley, retiring directors are H. E. Huntington, Howard Huntington and G. C. Ward.

In the Los Angeles and Redondo the

PLAN TO REDUCE CABLE RATES ON
PLAIN MESSAGES IS UNDER WAY.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, Nov. 11.—A conference between the postal officials and representatives of the cable offices relative to plans for a concession in the tolls in connection with the death of Mabel Baker, an old stenographer, who was found dead in the rear of his office with a fascinator wound slightly about her throat.

Physicians testified that the girl died of strangulation. A post-mortem examination showed that the wound had become a mother son.

The girl's father testified that he has accused Miller being intimate with his daughter and Miller told him he would marry the girl as soon as he could get a divorce. Miller has a wife and two small children.

WINDOW GLASS TRUST FINED.

Officials Plead Nolle Contendere and
Are Assessed \$600 Each; Dissolu-
tion Is Promised.

(ASSOCIATED PRESS NIGHT REPORT.)

PITTSBURGH, Nov. 11.—Fifteen officers and directors of the Imperial Window Glass Company pleaded nolle contendere before Judge James S. Young, in the United States District Court today, to a charge of violating the Sherman Anti-Trust Act.

Each was fined \$600. At the same time a fine of \$2000 was imposed upon the corporation.

Dissolution of the combine, by which the government alleged a monopoly in hand-blown window glass had been established and an increase in price from 60 to 70 per cent. effected, will follow immediately, it was announced by attorneys for the company.

The Imperial Window Glass Company was indicted by the Federal Grand Jury here in April, and individual defendants were brought against the officers and directors.

Judge Young severely scored the defendants today.

"You are not to draw the conclusion," he said, "from the fact that these fines are light, that there are not such cases as this. The government should be the penalty."

The court had, it said, taken into consideration that the indicted directors had assisted the company in its investigation and had not continued business after the demurrer was dismissed in October.

LANDS IN JAIL.

THREAT MEANT
FOR OIL KING.WRITER OF LETTER DEMANDING
MONEY BELIEVED INSANE.Young Hungarian Arrested After
Sending Note Ordering John D.
Rockefeller to Give Up \$500,000 to
Countryman to Be Translated and
Forwarded—Says He's Anarchist.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 11.—Charged with writing a threatening letter to John D. Rockefeller, demanding \$500,000, Peter Lilljhung, a Hungarian, aged 32, is held at police headquarters here.

Hugo Kardoff, who accuses Lilljhung of sending the letter to him to be forwarded, made the complaint.

Kardoff told detectives he received two letters from Lilljhung this afternoon. One, written in Hungarian, was addressed to the Standard Oil chief and contained the demand for \$500,000. The other was addressed to Kardoff and directed him to translate and forward the message to Mr. Rockefeller under threat of death.

The letter addressed to Mr. Rockefeller, translated, followed:

"I have been sent by the anarchistic society, and the black hand to demand \$500,000 from you, and should you refuse to pay this amount, we will kill you. Fifty thousand dollars. That does not amount to much, and if you refuse to pay it, you will be killed. We have other people who contribute weekly, monthly and half-yearly, but we do not want it this way from you. We want an immediate payment from you."

There was a second letter threatening Mr. Rockefeller with death, intended to be sent to Kardoff and directed him to translate and forward the message to Mr. Rockefeller under threat of death.

Lilljhung was arrested in the office of a firm of Hungarian money exchangers where Kardoff, the complainant, is employed. The prisoner had been sent to Kardoff and directed him to translate and forward the message to Mr. Rockefeller under threat of death.

THE COURT.

SEES PASSING
OF HIGH PRICES.CHARLES W. ARMOUR SAYS MEAT
WILL GET CHEAPER.Head of Great Packing Industry
Predicts General Lowering of
Foodstuffs, Declaring Farmers Are
Ready to Sell Their Products In-
stead of Storing Them.

(BY DIRECT WIRE TO THE TIMES.)

KANSAS CITY (Mo.), Nov. 11.—[Exclusive Dispatch.] That food prices have reached their climax and now are on the down grade is a belief of meat packers in Kansas City and other packing centers. Dealers in produce and other food supplies say the same thing.

Charles W. Armour, head of the Armour interests in Kansas City said today:

"General food prices are working toward a lower basis. The cereals are getting down. People are going to take advantage of lower prices, and that will have a tendency to relieve the stringency in meat prices especially pork."

Mr. Armour said many of the growers of meat and potatoes last year stored their crops rather than sell at prices early in the spring. This year he said they were profiting by their exportation of the crops, and the profits not to take chances on larger or smaller profits.

"All of which has a tendency to lower prices of the things we eat," he added.

Just how soon the lower prices were to come, Mr. Armour said he did not know. "But we will welcome the time," he said, "for no finer time is a pleasure to sell stuff at such high prices as pork has been bringing for several weeks. If the packers had to pay eight, nine, and eleven cents for live hogs, what are we got to say about prices?"

Mr. Armour said if the farmers would put their efforts to raise good hogs the pork problem in this country soon would be solved.

"Supposed," he argued, "that two pounds extra weight is put on the hog sent to the market, the aggregate increase of weight would be enormous. If the farmers were to work harder for healthy hogs, how much less pork would be condemned by the United States inspectors?" he inquired.

At the packers' wholesale markets today prices of fresh pork were a little below the high prices of a week ago.

RHINE IS RISING.

COLOGNE (Germany), Nov. 11.—The River Rhine is seventeen and one-half feet above its mean low level tonight, and is still rising. Mannheim reports the river eighteen feet and Moselle twenty-two and three-fourths feet. At Metz the river is the highest it has been for years. The lower parts of that city are flooded, as are those of several towns below Metz.

seven fortunate women. While they last, pattern **\$12**

AGED DRIVER

KILLED BY CAR.

S. M. THOMAS, RETIRED FARMER,

VICTIM OF ACCIDENT.

Pico Street Car Strikes Wagon

at Toberman Crossing and Hurts

Occupant to Pavement—Fracture

at Base of Skull Proves Fatal

Within an Hour.

While attempting to drive across the

rails of the Pico Heights line of the

Los Angeles street railway system at

the intersection of Toberman and Pico

streets yesterday morning shortly after

8 o'clock, S. M. Thomas, a retired Con-

necticut farmer, residing at 1421 Toberman

street, was struck by a Pico

Heights car and fatally injured. He

was removed to the Receiving Hospital

in the police ambulance, where it

was found he had sustained several

severe scalp wounds, and a fracture of

the skull. He died an hour afterward,

and his remains were taken charge

of by Undertaker Sutch.

According to eyewitnesses of the ac-

cident, Thomas, who was beyond the

four-score mark, had just turned the

corner of Toberman street and was

driving his mules across the West

Pico street track when the victim's

car crashed into him. The impact was so

great that the old man was shot

through the air with cataclysmic force

and landed on the pavement several

yards distant. The mules, thoroughly

frightened, ran away, but were caught

and landed on the pavement several

blocks at a speedy clip.

The aged victim, as soon as the po-

GLENDAL'S NEW SCHEDULE.

Flyers Will Run Morning and Evening

to Accommodate Heavy Traffic.

Twenty Minute Service.

GLENDAL, Nov. 11.—An entirely

new schedule was established yester-

day morning by the Pacific Electric

Company on its "Glendale" line,

which runs between this city and Los

Angeles. Heretofore during the day

the cars have been run every half

hour, but hereafter the car will leave

both the Glendale and Los Angeles

end of the line every twenty minutes.

On the even hour, twenty minutes and

forty minutes after the hour.

Five flyers, will be run every day,

stopping only at Arden avenue,

Fourth street, Lomita avenue and

Tropico station. The flyers will be

run in the morning and evening when

the heaviest traffic occurs. Increased

patronage to the line caused this

change.

The news that the Highway Com-

mission has under advisement bids

for the improvement of Central ave-

nuce and Verdugo road, was received

with much enthusiasm by Glendale

people. The promoters of the consoli-

GREAT GAME IS EXPECTED.

California and Stanford Ready for Fray.

Four Southern Freshmen on Stanford Team.

Berkeley Aggregation the Betting Favorite.

[ASSOCIATED PRESS NIGHT REPORT.] BERKELEY, Nov. 11.—With both teams chosen all in readiness for the twentieth annual football game between Stanford University and the University of California to be played on California field tomorrow afternoon.

Every ticket for the contest has been sold and the crowd which will gather at the stadium will be the largest which has ever witnessed an athletic contest on this coast.

Both teams are said to be trained to the minute and the trainers of each profess themselves satisfied with the physical fitness of their charges.

Each team will have a star player missing when the whistle blows for the kick off. Kern of Stanford having broken his leg in a game against the Olympic Club last Saturday.

Elliot of California suffering a sprained knee in a contest against the University of Nevada on the same day.

Jordan and Schwartz of the blue and gold fifteen also suffered in the game last Saturday, but it is not believed that they will be kept out of tomorrow's battle.

If the games previously played by the two universities Stanford has won ten and California five. Since the substitution of rugby for the intercollegiate form of the game, Stanford has been victorious three times and California once.

Many experts figure that California is the logical favorite for tomorrow's contest, for the blue and gold will be backed by a veteran aggregation while the Cardinal fifteen will have a number of players who will win their "first" emblems for the first time.

Three freshmen who appeared in the Cardinal line-up, but Geissler, one of the trio, has shown form, which will make him as formidable as any veteran on the team.

In weight the two teams are almost matched, Stanford having only two pounds to the man advantage.

A number of the men on each team have played rugby for four years and equipped with the knowledge of the game which the English game has introduced on this coast.

A chance for a comparison of the two forms of the game will also be given as California will use the 3-3 formation while Stanford will play the 2-3 and wing forward formation.

Special trains will bring the Stanford rooters to the game and extra ferry boats will be used to accommodate the crowds from San Francisco.

The line-ups: Position. Stanford. California. Fullback. S. Brown. Fullback. J. Geissler.

Stanford University, Nov. 11.—[Exclusive Dispatch.] The Cardinal football team is to leave the campus early tomorrow morning for San Francisco, where the players will be kept in hiding until the game.

When they will be taken to Berkeley on a ferry-boat that has been chartered for the use of the Cardinal hosts.

Never before in the history of football games has so much interest been shown by alumni and outsiders. From the state of the state they are coming in to see the contest, and even from other states a few of the old students are arriving on the campus and in San Francisco. These special cars, one carrying students of Los Angeles High School, are expected to reach San Francisco from Los Angeles tomorrow morning.

More than 100 graduates of the university are expected tonight from the oil fields about Bakersfield.

CALIFORNIA IS FAVORITE. The betting is 10 to 8 that California will win. It is generally believed that the team with the most "pep" will carry off the honors.

Four freshmen registered from Southern California are included in the university rugby fifteen that will clash with the University of California team at Berkeley Saturday afternoon.

Never before have more than two freshmen made a Stanford variety. With Al Frank, Stan Mitchell, Geissler and Harrigan in the line-up, Los Angeles High School will be represented by four former players. The remarkable showing made by the freshmen who landed berths caused several of the veterans to be sidetracked.

The Cardinal team will be in good shape when it takes the field. All the forwards are fighters, and the backfield men are expected to be more aggressive in the scrum and faster in the back-field than any former Cardinal aggregation.

The students of the universities are to hold separate football shows in San Francisco tomorrow night. Many class reunions are being held tonight.

The football rally last night was marked by tremendous enthusiasm. Before the rally the campus was lighted with red fire. When the variety men, led by Capt. Dole, entered the building they were given an ovation that lasted ten minutes. The students serenade about the inner quadrangle, and then went to the old baseball diamond, where they celebrated about a monstrous bonfire. The materials that made the blaze were inclosed in a scaffold twenty-five feet square and forty-four feet high.

The campus will be deserted tomorrow. It is not expected that more than

ONE OF THE BEST. QUAKERS AND PURITANS.

The football team which will represent the University of Southern California in its game with Whittier College this afternoon is the strongest that the regular conference agreement as to scholarship does not hold with the Quaker school and the University will have the services of both Neighbors and Smith, two of their best men who were ineligible against Occidental and Pomona.

Coach Cronwell says Smith, who comes from L. A. High, is worth all his other tackles put together, and Neighbors is one of the best backfield men playing in the South this year. With these two men the team will be much stronger than against Occidental last Saturday.

The varsity players will be at some disadvantage in the game, however, owing to the fact that it will be played on Whittier's field, which is covered with a thick layer of sand.

This game will be the first of the season in which two teams that play strictly open style football will meet. White and Cronwell both use the forward pass largely. For this reason the game will likely be very spectacular and it is almost a toss-up as to who will be the winner.

WHITTIER'S CHANCE. The Whittier eleven is going into the game against U.S.C. this afternoon to play the best game of its schedule and is confident of playing at least a tie score against Cronwell's huskies.

The team which will represent the Quaker school is several pounds heavier than its opponents, being the heaviest eleven in the conference. The men will play on the home gridiron with the famous girls' rooting section to cheer them on and over a sawdust field which will give them a big advantage, as it will offset the superior speed of the Methodists.

White has worked up a number of forward pass combinations that look like good crowd pullers. The Whittier school has been more fortunate than the other colleges of the conference as it has not at any time been disabled by the loss of men, either on account of injuries or scholastic professionalism. Renner and Bogue are the mainstays of the Whittier team and the latter is undoubtedly the best line backer in the South this season.

The Whittier football enthusiasts are hoping that Occidental's aggregation while the Cardinal fifteen will have a number of players who will win their "first" emblems for the first time.

Three freshmen who appeared in the Cardinal line-up, but Geissler, one of the trio, has shown form, which will make him as formidable as any veteran on the team.

In weight the two teams are almost matched, Stanford having only two pounds to the man advantage.

A number of the men on each team have played rugby for four years and equipped with the knowledge of the game which the English game has introduced on this coast.

A chance for a comparison of the two forms of the game will also be given as California will use the 3-3 formation while Stanford will play the 2-3 and wing forward formation.

Special trains will bring the Stanford rooters to the game and extra ferry boats will be used to accommodate the crowds from San Francisco.

The line-ups: Position. Stanford. California. Fullback. S. Brown. Fullback. J. Geissler.

Left wing. J. Geissler. Left wing. J. Geissler. Right wing. J. Geissler. Right wing. J. Geissler.

Center. J. Geissler. Center. J. Geissler. Quarterback. J. Geissler. Quarterback. J. Geissler.

Halfback. J. Geissler. Halfback. J. Geissler. Fullback. J. Geissler. Fullback. J. Geissler.

DAWSON WINS AT SAVANNAH.

Takes Challenge Trophy in His Marmon Car.

Knipper Captures Tiedeman in Lancia Racer.

Grand Prize Race Is to Be Run This Morning.

[ASSOCIATED PRESS NIGHT REPORT.] SAVANNAH (Ga.) Nov. 11.—Savannah Challenge Trophy, 16 laps of 17.3 miles each, 27.3 miles: Joseph Dawson (Marmon), 4th. 23m. 39.38s.; W. A. Roebing Jr. (Mercury), 4th. 23m. 39.38s.; second, Hugh Hughes (Falconer), 4th. 23m. 11.34s., third.

Tiedeman Trophy, 11 laps, 19.3 miles: Billy Knipper (Lancia), 2d. 15m. 22.7s.; W. A. Witt (E. M. F.), 3d. 20m. 34.25s.; second, Tom Castello (Maxwell), 3d. 20m. 18.06s., third.

Neither death nor injury of driver or mechanic marred the first day of the races of the Savannah Automobile Club, held under the auspices of the Automobile Club of America.

At 10 o'clock the six starters in the Savannah Challenge race, and the eight in the Tiedeman Trophy race, were called to the mark by Starter Fred Wagner, at the same time.

On the line was Hugh Hughes in his Falconer. At intervals of thirty seconds the other entrants for both races were off.

First to show at the end of the first lap was Lou Hennemann in his Marmon. Starting second, he passed Hughes. In quick order they came, with Dawson showing the fastest time, 16m. 20s., for the first lap. The start he got in that lap he maintained to the end of the race.

Another world's record that has stood at 2:23 since 1894 for a yearling pacer was broken by Wilbur Lou, which took a mark of 2:19.4, for the 2:20 trot, \$1000 purse.

The 2:12 trot, \$1000 purse: Zombrot, 1st. 2:12.1; Fair Maid, 2nd. 2:12.2; Alfalfa Belle, 3rd. 2:12.3; Gov. Francis, 4th. 2:12.4; Tiedeman, 5th. 2:12.5; Duke, 6th. 2:12.6.

Three-year-old pace, won in two heats by Lillian Greene, both in 2:24.4. The tendance almost equalled yesterday's.

Opening at Oakland. OAKLAND, Nov. 11.—Saturday's entries: Six furlongs, selling: Marburg, 115; Buckhorn, 112; Milpitas, 109; Densen, 108; Leland, 107; Royal Stone, Dr. Downie, 106; Cantem, 104.

Eleven sixteenths, selling: Lumen, 112; Zinkand, Olathe, Good Intent, Passenger, Warfare, Miss Plene, Genova, Gramercy, Cuvina, 109; Oswald, 107.

RACING SEASON TO OPEN.

Oakland Track to Present Programs Today with Plenty of Entries and Layers.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Nov. 11.—The racing season under the auspices of the New California Jockey Club will open at Emeryville tomorrow with an attractive card.

Interest will center principally in the opening handicap, with a value of \$1000 at one mile. Among the nine entered are some of the cleverest performers in the country.

Glass will ride Spellbound, Buobling Water, which will be ridden by Archibald, has many admirers. Sea Cliff, another prominent candidate, will have A. Thomas in the saddle. The other events drew well balanced fields.

Richard Dwyer will officiate as starter for the first two weeks and alternate with Jake Holtman after that time. E. C. Hopper will act as presiding judge and Martin Nathanson as handicapper and programmer.

Every train from the East is bringing additions to the ranks of the turf colony and it is expected that about twenty layers will be in line.

There was a light rain today but the indications are for fair weather and a fast track.

PHOENIX RACES.

LADY MAUDE C. SETS RECORD.

WILBUR LOU IS THE WORLD'S BEST YEARLING.

Minor Hair Breaks in the Stretch While Going at a Gait Below Two Minutes—Roxie Wins Last Three of Five Heats and Is Sold on Track for a Thousand.

BY DIRECT WIRE TO THE TIMES. PHOENIX, Nov. 11.—[Exclusive Dispatch.] Minor Hair, in an effort to break the world's record and while going at a 1:19 gait in the stretch, threw a shoe, broke, ran and finished second, Lady Maude C. claiming the race, in 2:01.4. This, however, breaks the world's record for a mare in a race, though Lady Maude C. won an exhibition mile on Tuesday in 2:00.4.

Another world's record that has stood at 2:23 since 1894 for a yearling pacer was broken by Wilbur Lou, which took a mark of 2:19.4, for the 2:20 trot, \$1000 purse.

The 2:12 trot, \$1000 purse: Zombrot, 1st. 2:12.1; Fair Maid, 2nd. 2:12.2; Alfalfa Belle, 3rd. 2:12.3; Gov. Francis, 4th. 2:12.4; Tiedeman, 5th. 2:12.5; Duke, 6th. 2:12.6.

Three-year-old pace, won in two heats by Lillian Greene, both in 2:24.4. The tendance almost equalled yesterday's.

OFF FOR PRINCETON. TIGERS IN FINE SHAPE.

[ASSOCIATED PRESS NIGHT REPORT.] PRINCETON (N. J.) Nov. 11.—Princeton University graduates from all parts of the country began their biennial migration to Princeton today to witness the 26th annual football game between Yale and Princeton.

Coach Roper tonight said the Princeton players were in excellent condition and were confident of meeting Yale on even terms.

Prospects are for a dry, fast field tomorrow. The probable lineup: Yale. Position. Princeton. Kilpatrick left end. White. Scully left tackle. McGraw. Fuller left guard. Wilson. Morris center. Blumenthal. McDowell right guard. McCormick. Paull right tackle. Brown. Brooks right end. Dunlop. Howe quarterback. Ballous. Field fullback. Sparks. Kistler fullback. Hart.

FOOTBALL RESULTS. At Walla, Walla—University of Idaho, 5; Whitman College, 0.

[illegible]

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Mayor is not reconciled to the new aqueduct bond deal, and may veto resolution authorizing it. Hollywood and Colegrove are to have a cent street car fares if the Council adopts the recommendation of the Board of Public Utilities. Mr. Gertrude Young, a witness in the King guardianship case, testified yesterday that she had to have her recollection refreshed by means of a typewriter. Yoshitetsu Higashi secured a judgment against T. Takahara, publisher of Mainichi Shinbun, a Japanese newspaper, for \$2000 for alleged libel.

AT THE CITY HALL.

MAYOR WARY OF NEW BOND DEAL.

SYNDICATE GETS MUCH, CITY NOTHING, HE FEARS.

Serious Objection Is to the Terms Giving the Financial Practical Center of City's Sinking Fund. Says He Must Be Shown Benefits of Modified Contract.

That Mayor Alexander is now hostile to the proposed modification of the contract with the New York syndicate for the financing of the aqueduct was made apparent yesterday when he declined to say that he will approve the resolution authorizing it when it reaches his desk.

"I am far from satisfied with the settlement," said the Mayor yesterday. "It looks to me like the city is giving up a whole lot for nothing and I look doubtfully on the plan to give control of our sinking fund to the bond syndicate. If this new plan is alright I will have to be shown but it looks to possess little benefit for the municipality."

Antagonists of the new arrangement, who were heard in the Council through Beckouski, assert that this is merely a way of tying the city's hands and at the same time requiring it to sacrifice all the premium on the aqueduct bonds secured under the original contract with the syndicate. They predict referendum if the deal is authorized by ordinance.

Before February 1911 it is estimated that the sinking fund will receive \$1,000,000 from taxes and the effect of the provision in the modified contract with the syndicate is to sacrifice the sum behind their scheme of financing.

But the principal objection comes from those who believe the sinking fund obligation, if adopted, will sacrifice all the purposes of the power interests in preventing the city using any of the sinking fund proceeds to finance the power development scheme. They assert it will force the city to an unfavorable contract with the syndicate and that the private power interests could not ask a better instrument in delaying the production of electrical energy by the municipality than the obligation of the sinking fund accumulations for the next twenty-eight months.

It is known that this line of reasoning is being presented to the Mayor in advance of the final action of the Council next Tuesday. John S. Meyers, City Auditor, and his chief deputy, J. F. Fountain, have prepared a financial statement showing that the sinking fund may be a big aid in financing the power scheme.

Yesterday afternoon the Mayor held a conference with Myers, Fountain, Chief Engineer Mulholland, and W. E. Martin, aqueduct counsel in order to enlighten himself on the real purpose of the terms suggested by the syndicate and adopted yesterday by the Council. It is explained that the "tying up" of the sinking fund is not as serious as feared because it is contingent on the syndicate's final exercise of option November 1st, 1911 and that only that part accumulating between now and that date is involved.

The explanations of all who have had to do with the re-financing scheme—Den, Chaffee, Mulholland, Stoddard, Jess, J. E. Plumburn and W. J. Washburn, chairman of the Council Finance Committee—were uniform and all concurred that, while the new deal apparently presents sacrifices on the part of the city it is profitable in the end because it assures the acceleration of the work and early completion and above all certainty of the future.

HOLLYWOOD FARES.

FIVE-CENT RATE WINS. Hollywood and Colegrove are to possess the same street car fares as other parts of Los Angeles, north of Manchester avenue, according to a reversal of judgment by the Board of Public Utilities yesterday.

The reversal was brought about by a joint committee of the Hollywood Board of Trade, the Colegrove Board of Trade and the South Hollywood Improvement association which protested against a settlement with the Los Angeles Pacific line by which a fare of approximately 71-1/2 cents was established by commutation book and 10 cents cash fare.

These rates were approved by the Board and sent to the Council. Immediately protest was made by the districts affected and yesterday the Board announced its decision. In doing so it said in a letter to the Council: "After careful consideration of the facts and of the arguments presented upon both sides, this Board has finally reached the conclusion that the charge of 5 cents is just and reasonable for a single trip in one direction on any and all lines for transportation within the district bounded by the San Bernardino Base Line on the north, Manchester avenue on the south and the limits of the city as now defined, on the east and on the west."

In reaching its decision the Board was guided by the opinion of its counsel, Leslie R. Hewitt, who has held for a long time that the statutes and city charter give the Council full power to regulate fares. In addition the Board was governed by the statute of 1877 which reads:

"Section 1. No street railroad in any city or town of this State, with more than one hundred thousand inhabitants, shall be allowed to charge or collect a higher rate of fare than five cents for each passenger per trip of any distance in one direction, either going or coming, along any part of the whole length of the road or its connections."

The recommendation is that the Council, by ordinance, establish the five-cent rate of fare on all lines within the city limits between Manchester avenue and the San Bernardino base line.

Consolidation Commission. The Mayor said yesterday afternoon that he will probably announce the names of the new commission to promote consolidation of city and county government today. This body is to be composed of seven members and one of its duties will be to offer a solution of the water and power distribution problems. There is no indication as to who the members are. Three of them are to be lawyers.

THERE will be plenty of good short stories in The Times Magazine coming Sunday.

FINALLY THE WORM TURNS; WIFE-BEATER AGAIN JAILED.

WITH the arrest of John H. Kornarska, of No. 820 1/2 West Third street late Thursday night, there came to light as despicable and sordid a story of brutality and ingratitude as the police have heard in a long time.

Kornarska has a pretty and talented young wife, Anna, and a two-months-old baby. The woman, though she is scarcely more than a girl, is a gifted pianist and entertainer by which accomplishments she has managed to eke out a bare living for the family. Her husband's principal vocation appears to be getting drunk and abusing her. He was arrested and served a jail sentence last February on a battery charge. His wife, then employed as a piano demonstrator, went to see him in prison, shattering upon him a few more minutes to spend in his company. At the expiration of his sentence, she bought him a new suit of clothes and saved him a number of times to use until such time as he could secure a position. Instead of which Kornarska

appears to have blown in the cash for booze, beating and abusing his little wife in his frequent states of intoxication.

On August 21, he was arrested again, this time on a charge of failing to provide for his family. Apparently, extenuating circumstances were found and he was released on probation. Since then, according to the police, he has made a practice of taking the little trinkets belonging to his wife and pawning them for money on which to go upon other and more protracted binges. The worm turned Thursday night when he went home drunk and commenced to beat and choke his wife, apparently because she would not give him more money. Driven to the limit, she reported the matter to the police and Kornarska was taken into custody by Patrolman Williams. Yesterday Kornarska was arraigned before Police Judge Chambers, and pleaded guilty to having been drunk. His wife appeared against him, and Judge Chambers deferred sentence until this morning at 9 o'clock. Kornarska was committed to the City Jail pending sentence.

AT THE COURTHOUSE. SHE DISREGARDS HER TESTIMONY.

PRINCIPAL WITNESS IN QUEER CASE GIVES EVIDENCE.

Fight for Control of Beauty Business in Hearing on Sanity of Woman Develops Some Unusual Incidents—Husband Charges Insanity, Wife Charges Cruelty.

In the testimony taken in behalf of M. Adrian King, and his petition for the appointment of a guardian of the person and property of his wife, Fanny Briggs Carr-King, yesterday, in Judge Rives's court, the most interesting witness was Mrs. Gertrude Young, an employee of the Carr Company, a concern established by Mrs. King, and now owned by her husband.

On Thursday Mrs. Young testified that she had never noted any particular acts on the part of Mrs. King that indicated her weak mind, but yesterday she gave evidence in regard to several instances of that kind. Upon cross-examination she admitted that her testimony did not agree with that of the day before, and said she did not know where she had been when she gave the evidence of the day before.

On Thursday Mrs. Young testified that she had never noted any particular acts on the part of Mrs. King that indicated her weak mind, but yesterday she gave evidence in regard to several instances of that kind. Upon cross-examination she admitted that her testimony did not agree with that of the day before, and said she did not know where she had been when she gave the evidence of the day before.

IMPORTANT STIPULATION IN ATTORNEY FEE CASE.

In the action brought by E. L. Foster against C. S. Young, to recover \$25,000 alleged to be due Foster on account of legal services in connection with the action brought against Tim Spelacy and involving stock in the Mascot and Illinois Crude Oil Company, an important stipulation was filed in the clerk's office yesterday. The instrument was to the effect that 10,000 shares of the Mascot Oil Company, and accrued dividends on 20,400 shares, should be released from the attachment served on Tim Spelacy, the Mascot Oil Company and Hunsaker & Britt in whose custody the stock now is; the other stock to remain until the determination of the suit.

The case of Young against Spelacy was tried in Judge Monroe's court some months ago, and by the judgment found, Young was given 21,900 shares of the Mascot and 10,548 shares of the Illinois Crude Oil Company stock, which Foster alleges is worth \$173,000. The complaint of Young asked for an accounting and the recovery of about \$2,000,000 involving the oil operations of the two in the Kern River country extending over a number of years. Foster says he had an agreement with Young by the terms of which he was to have 20 per cent. of any judgment recovered from Spelacy as the result of the suit, and that per cent. of the alleged value of the stock recovered would amount to the \$25,000 sued for.

PROBATE MATTERS.

WILLS OFFERED FOR FILING.

The will of Marc L. Durand, late French Consul and well-known merchant of this city, was filed for probate yesterday. The estate is valued at \$20,000, consisting of 200 shares of the A. Fusnet Company, valued at \$20,000; 40 shares of the International Savings and Exchange Bank, valued at \$600, together with other realty, mortgages, etc. The testator died October 29, and the will was executed December 21, 1902. Under the terms of the instrument, the entire estate is bequeathed to the widow, Marguerite Durand, sometimes known as Juliette Durand.

The petition of Thora Butters, for the probate of the will of her husband, N. Butters, who died at Long Beach, November 6, was filed in the Probate Court yesterday. The value of the estate is fixed at \$20,000, consisting of realty that is unproductive. Each of the children, Norman Butters and Vera Collins, are given \$5, and the balance of the estate goes to the widow, who is to be made executrix under the will.

WAS "MAMMA'S BABY" AND DESERTED HER HUSBAND.

In Judge Rector's court yesterday, Adolph Jung was given an interlocutory decree of divorce from Sophie, on the ground of desertion. The couple were married in Los Angeles in 1907, and it appeared that soon after they had gone to house-keeping the wife spent the most of her time at her mother's. Jung objected to this, arguing that he had not married the entire family, and it was his opinion that when a woman married it was her duty to live with her husband and not travel back and forth to her old home. He upbraided her about it, and she told him it was none of his business how many times she went to see her mother. Another scene followed, and she left him and went back to her old home and remained, refusing to return to his home, a little vine-covered cottage.

merton, and that he was discharged, there being no evidence justifying the allegation of burglary, although he was compelled to remain in prison five days until his case could be heard.

BALDWIN ACCOUNTS. It was represented that the labor of experting the first and second accounts current of H. A. Unruh, executor of "Lucky" Baldwin, by Hull McClaugherty and his corps of San Francisco experts had not been concluded, and the matter of confirming the accounts was postponed until November 18. It is understood there will be no further delay, and that these instruments involving the handling of over a million and a half dollars will be disposed of.

IN MEMORY OF A JUROR. Out of respect to the memory of H. J. Woolcott, a member of the jury trial in Department One, whose burial took place yesterday, court adjourned immediately after convening. The colleagues of the dead man and Judge McCormick attended the obsequies.

FLEMING FOUND GUILTY. Joseph J. Fleming, an employee of Broadway jewelry house, was found guilty of seducing Agnes Zimmerman by a jury in Judge Willis' court yesterday. One, whose burial took place yesterday, court adjourned immediately after convening. The colleagues of the dead man and Judge McCormick attended the obsequies.

SUIT FOR COMMISSION. A suit was instituted in the Superior Court yesterday by Edward German, who brought an action against W. W. Middecoff and Arthur G. Mann, for \$600, alleged to be due on account of commission involved in the sale of 4618 acres of land located near Hemet, Riverside county.

COMPLAINT ON CONTRACT. B. W. Gerhard and George W. Holton brought suit yesterday against David and Cora Hutton, for the recovery of \$4,000 alleged to be due on account of the failure of the defendants to furnish a good and sufficient deed to 230 acres of land located on the Colorado River, near Searchlight, Nev. The original purchase price was \$12,000, and of this amount \$2000 had been paid. It is alleged the defendants never delivered a deed for the property. The damage to the plaintiff is fixed at \$10,000, which is used for addition to the \$2000 that he has already been paid.

MALLOON PAID. Daniel W. Malloon, committed to the County Jail for contempt of court by Judge Rector, in failing to obey the mandate of the court by paying his wife, Ida Malloon, \$25 a month for the support of herself and children during the pendency of a suit brought by her for separate maintenance, changed his mind about putting up the money. He paid it and was released from custody.

ESTATE DISTRIBUTED. In Judge Rives' court yesterday the estate of Victor Vesett, who died August 16, was distributed to the heirs. The value is estimated at \$2,000. Louise Vesett, a sister; Maria Potrosso, a sister; Madeline Potrosso, a niece; and Victor Potrosso, a nephew, were each given \$4000. The income of the balance of the estate goes to his sister, Louise for life and at her death is to be divided among Julius, Louis, and Victor Potrosso, nephews, and Madeline Potrosso, a niece.

DAMAGE ACTION. Suit was brought by L. Taylor against the Pacific Electric Company, yesterday, in a complaint asking \$10,000 damages on account of injuries received by the plaintiff at El Monte, October 8, when he attempted to alight from the car, and was thrown violently to the ground by the agents of the corporation.

CONDEMNATION PROCEEDINGS. The City of Pasadena brought suit yesterday against Charles Schoenberger for \$100,000 damages for the condemnation of property necessary to open and widen Fillmore street from the west line of Los Robles avenue to the east line of Magnolia avenue.

Imported French Ivory Toilet Articles

This season we have imported the genuine French ivory toilet articles. Our stock is now replete with every article necessary for a fashionable woman's dressing table, such as mirrors, brushes, combs and all manicure essentials. Your gift would certainly be appreciated if you would give the REAL French ivory for Christmas. Now is the best time to select them so that the grain can be perfectly matched, and plenty of time given to having the articles engraved properly. We are also showing a fine assortment of the domestic ivory articles (Parisian Ivory.) Reasonable prices prevail on both lines. Why not select them today?

Toy Opening Today In Our Big Basement Store

Our department is full of amusing and instructive toys for boys and girls of all ages. This season we have exercised great care in the selection of all our toys. The choice of each line has depended solely upon its merits to furnish the maximum amount of genuine entertainment. This idea is best illustrated by our line of

Midget Cameras Each 25c

A complete outfit for twenty-five cents, that will take a genuine likeness. A child can operate it and develop a picture in two minutes. Come in and have your photo taken Saturday. This is only one of the many interesting features in our toy department.

Bring the Children

You will enjoy this delightful place, and it will bring back happy recollections of your childhood days. We cannot mention here all the many, many lines—but we invite you again to inspect them and especially our line of

Dolls From 5c to \$35 Each

Our showing this season is exceptionally good and our line at 50c, \$1.00, \$1.25, \$1.50 to \$5.00 each is unsurpassed. Also everything for dolly's comfort and amusement.

THE TIMES-MIRROR COMPANY
H. G. OTIS, President and General Manager.
HARRY CHANDLER, Vice-President, Assistant General Manager.
MARIAN OTIS-CHANDLER, Secretary.
ALBERT McFARLAND, Treasurer.

THE TIMES-MIRROR COMPANY
PUBLISHED EVERY MORNING IN THE YEAR.
Daily, Sunday and 25-page Illustrated Weekly Magazine. Founded Dec. 4, 1881.
29th Year.

SCOPE AND AIMS: Independent, uncompromising, unshackled, unprejudiced, unafraid and unnumbered. THE TIMES is devoted to the great principles of Liberty under Law. Equal Rights in all fields of human endeavor, to Industrial Freedom, and to the upbuilding of Los Angeles, the State of California and the great Southwest.
"Let us forget! Let us forget!"
SPECIAL CIRCULARS: Daily, every day for 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, FACTS FEATURES AND FANCIES FOR WOMEN.

By Olive Gray

DAILY BEAUTY HINT: When the skin of the nose is persistently oily a simple home-made lotion to be applied night and morning will help to do away with this trouble. This lotion consists of Elderflower water—4 ounces; tincture of benzoin, 1-4 ounce. Shake well and apply with absorbent cotton.

The scented bath as a cure for all feminine ills is the latest Paris and New York craze.

A bath of "hotted roses" is said to be a relief for "that tired feeling." It is said to permeate not alone the pores of the body, but to reach to the nerves and the mind. In California, we should be able to attain to this bath at almost any time of year at little expense.

Roses, however, or rather the odor of roses, is not acceptable to all and for those of the valley is supposed to be a cure. A bath in the distilled essence of these rare flowers is very expensive, especially when taken "out of season," but a beauty specialist confides that the perfume of these flowers will answer quite as well if taken from a bottle. All beauty baths, however scented, are made more beneficial by the addition of the juice of the cucumber. That humble vegetable has become an important factor in the beauty business. Of course, incidentally, water—just plain soft water good and warm—still holds its own as the basis for all kinds of baths; and wanting all else frequent bathing in this medium goes a long way toward beauty.

Whatever baths you take, either for beauty or mere cleanliness, go through a bit of gymnastic exercise before and after taking. Your favorite calisthenics taken sufficiently before the bath to cause a free perspiration will allow the scent or other ingredients of the bath to more freely enter the pores; and after the bath you should exercise a bit to be certain of not taking cold.

Brilliant Affairs.
Have you seen the new purse bags set all over with brilliant rhinestones? They are gorgeous. They come in the shape of the handbags, square and oblong with chain handles and are a blaze of glittering gems. They are sold to the other. They seem very appropriate to carry with some of the elegant velvet costumes of the season. One of the Broadway establishments which carries all kinds of novelties for women, shows a fine collection of these beautiful articles.

Thanksgiving Omelette.
As an entrée for the Thanksgiving dinner here is something both palatable and beautiful. Make your favorite plain omelette and before folding spread it with hot mince meat. Fold the omelette over this and remove to a hot platter and garnish with a sprig of hot Jamaica rum. Set the rum on fire and serve it burning. Even those who oppose to the use of alcohol may be allowed to use rum in this way, as all alcohol is destroyed by the burning. There is something inspiring—almost exciting by a burning dish of this character which makes it seem appropriate for a holiday occasion.

Picture Weddings.
There is a fad at present for having the settings of the wedding as well as the costumes of bride, maids and all attendants made according to the famous picture. Of course this really means according to some period of history. It is a pretty idea and there is no reason why even the girl in moderate circumstances should not have such a wedding. The cost need not be great and only the expenditure of time and taste are needed to accomplish this pretty feat. Many of the classical portraits are clad in the simplest of garb. Picture hats, too, may be made from the simplest of material since they depend principally upon a certain sort of dash, for their effectiveness.

For Gifts.
The new flower aprons are exquisite for gift either for the bride or for the girl friend for Christmas. About one and one-half yards of fine linen are required for an apron. Upon this draw are large designs of wild roses, poppies or fleur de lis, or in fact any preferred flower. The design may be printed or may be separate for each piece. Across the lower edge of the apron a big pocket should extend and this may be included in the design. A simple outline stitch may be used, filled in with heavy French knots for the stems. Narrow Valenciennes lace should finish the edge all around and ribbon strings the color of the flowers be used for ties.

For the Little Girl.
As a gift for the little girl who has many fine toys and other treasures nothing could be better for Christmas than a chest for packing away these valuables. Mother might exercise her genius in finishing a chest for the darling in carving and burnt work combined. Most of the ready-to-carve chests have too long hinges and locks but this can be easily remedied and such a gift would not only solve the problem of what to give but would be doubly acceptable as the work of beloved hands. Incidentally it would keep the toys and other articles which litter the house, all in compact space.

Not on Postals.
Again I must remind my readers that in writing to inquire as to articles mentioned in this department, a stamped and addressed envelope must accompany the request. I shall be glad, at all times, to assist my readers in all possible ways but must insist upon this result. Postal cards are not acceptable, since their use in too public and a reply thus sent is equivalent to an advertisement. Neither are closed stamps acceptable, since it is better that the writer should assume the responsibility of the correct name and address.

To Earn a Living.
A lady who has several small children has made a suggestion as to a means of earning a living as a pleasant young girl living in a fair neighborhood. It is to amuse, at her home, those children who are too small to go to school. "I believe," she says, "that any mother would be glad to pay by the hour to have her children taken care of and amused in a safe place."
This seems reasonable. What a relief it would be to the mother who must go shopping if she could leave the children with safety, for a few hours! It would also be a relief to some other people to have some of the

cross ones left at home. Some young girls have a genuine gift at amusing little people and the work would be pleasant and at the same time it should yield a good living.

A Useful Toy.

In the toy section of one of the Broadway stores I saw a pig so real that it deserves to be "kept in the parlor." It was fully as large as a bit of grown porker and the pink silk skin shone through the white silk skin looking so natural that it seemed as though after the children should be of him as a plaything, he might be converted into bacon—a consideration not to be despised with that delicacy at 45 cents per pound.

Hats and Rings.

The Mexican, however shabbily dressed, will wear a fine sombrero and will often pay a very high price for this article of apparel. I have often wondered how the custom of wearing a sombrero in this article originated and recently read that it came about through the fact that Mexican gringos were the only members of the community who, in olden times, had the privilege of remaining covered in the presence of their sovereign. This brought about a distinction in head gear as an emblem of caste and the Mexicans have never been obliterated. It is doubtless from association with the Mexicans that the cowboys of the Southwest took the custom of wearing the hat as the most worthy article of dress, they usually buying the most expensive of sombreros.

Men of the desert often wear it. It is possible for them to secure them, valuable jewels upon their hands. This is noticeable in a man in soiled khaki often wearing rings of much value. A mining man once told me that this was the only beauty that he saw, week after his week, and he was hungry for beauty in the barren life that he was forced to lead. Fine raiment it was impossible to carry into the wilds, but a few rings were no impediment, so he wore them and doted upon them in his lonely hours.

A Guessing Game.

Many requests come to me for ways of entertaining at winter parties for those who do not care to play cards. The following "city" guessing contest may solve the problem for some. The questions may be written upon pretty cards which shall serve as souvenirs. Where all have been—Boston. The greatest engineering achievement of the West—California. A military defense and a Paris dressmaker—Fort Worth. A city that has been and is not—Chicago. A board of city fathers and a great—Council Bluffs. An opera singer—Singing. Named for a King of France—St. Louis. A farmer who was twice dictator of Rome—Cincinnati. Named for an ancient city whose downfall after a long siege was the abduction of a princess—Troy. A place for lingers—Tarrytown. The father of his country—Washington. A superlative and a washing water—Grand Rapids. The greatest surgical feat—Lancing Michigan. A girl's name and a Roman garment—Sagittarius. The first great evangelist—St. Paul. The goddess of morning—Aurora. A panorama view of one of these cities in the artistic colored prints now produced, would form an appropriate prize for the winner in this contest.

New Corsets.

One of the large Broadway stores has enlarged its corset department, removing it from the first floor to an upstairs location where it has much added space and better facilities. This new makes a specialty of the front lace corset, which is declared by those who use it to be the only really comfortable kind. This is of course a great consideration; and when to this is added the assertion that this style of corset also assists materially in lending one "the slender silhouette"—little more need be said.

To Eat.
Take round, smooth tomatoes and wash, but do not peel. Cut a thin slice from the top of each and scoop out enough of the pulp to leave a shallow hole an egg. Season these little nests with pepper, salt and butter and carefully break an egg into each. Cover the bottom of a pan with oil or bacon fat, put the tomatoes in it and bake for fifteen minutes. Serve on buttered toast. A thin strip of crisped bacon may be served beside them on the toast if desired.

Fashion's Fancies.

The very newest thing in Dutch collars is one of net embroidered with colored silk and metal thread in an intricate design. The collar comes in two shapes—one of the regular Dutch model and another with an extension at the back and a small tab. Dressy waists are made of the new all-over laces and embroidered nets. Well-covered patterns are preferred, and are made up with just a few touches of silk or velvet on yoke, girder or cuffs, and the stock or Dutch neck showing a little white or cream lace or net, with buttons either silk-covered or jeweled.

Slippers for evening are of attractive design. Light-colored suede with jet buckles are the newest. Five straps, each ornamented with tiny jeweled buds, are shown in all fabrics. Chantilly lace over white satin, Irish crochet over colored silks and satin, elaborately embroidered house steel beads are in great demand.

For the street and traveling frock the shops are showing a limitless variety of new weaves and color combinations in English and Scotch tweeds, serges, diagonals, chevrons, suitings and homespun. Among the favorites are navy and Gobelins blue, green—in all the soft dull shades—satin with snaky tints, mauve, beige and tobacco and coffee brown.

A long coat of white fur and a bonnet of similar fur, with ties of soft white satin make a stunning combination for motoring. I saw such a coat and such a bonnet in Broadway stores recently. Narrow bands of fur trim gowns of silk, satin, velvet, chiffon or cloth. Marabout trimmings are very effective on soft satins and chiffons. The chief feature in the new laces will be cream-colored Irish crochet. Coats close above the line of the breast rather than below it, as last year. We see wide and narrow silk braids on street frocks of serge and chevre. Very sheer chiffon is used to veil highly colored and decorative trimmings. Where a drop skirt is used it is of

satin, lousine, or very soft-finished taffeta.

The friar's girdle of twisted cords of gold, silver or heavily beaded jet is stylish. A few striped chiffons are shown, but the plain seems to have the preference. Yokes are seen as much as ever. It is rarely that they are made of a single material. The newest corsets are lower in the waist line.

SUPPLY PASTOR HARD HITTER.

WITH FISTS AND GUN CAUSES
RUFFIANS TO REGRET.

Porterville Citizen Makes Three Men Who Used Insulting Language in Presence of His Wife to Be Sorry They Spoke—Lemon Returns Are Satisfactory.

PORTERVILLE, Nov. 11.—Because they used insulting language in the presence of his wife and when remonstrated with they talked still more vile directly to her, J. Dorsey Seal, an accountant for a garage company here and supply pastor of the United Church at Woodbury, fired five shots at Clarence Allen and R. J. Roggenback on lower Main street late last night and, failing to hit either of them, held them behind a telephone upon which he was standing and gave them into custody. A third man escaped.

In Judge Lumley's court this morning, Mr. Seal stated, in support of his complaint, that after he had remonstrated with the rowdies, they ran across the street in front of the Arlington Hotel, where they addressed to Mr. Seal language so unparliamentary that he lost his temper and fired the shots. Fortunately for the two men, his revolver was in poor condition, as was his aim.

After hearing the story, the judge gave the two men twenty-five days in jail.

As Mr. Seal was going to work this morning he met, at the corner of Main and Putnam, the third man who had started in to abuse Seal with much the same language as was used the evening before to Mrs. Seal. After warning him to desist, without avail, Seal stepped up to the four-motor and he and Seal struck him in the face, with result of a broken nose, two lost teeth and headlong fall eight feet into a gutter. The man, who was making a new building, refused to prosecute the man, whose name has not been learned, and then went into court and insisted on pleading to a charge of disorderly conduct. He paid a fine which was thereupon subscribed for him by sympathetic bystanders, who advised the same treatment of the other members of the trio.

SPLENDID SITE.

At a meeting of the board of education, held last night, it was voted to purchase a site of the new eight-room grammar school, which has become essential through remarkable growth of the city in the past few months, on the bank of the Tule River at the southern city limits.

For the campus there will be eight acres of land which in spots is timbered with fine oak trees and with little work can be made into one of the most beautiful school sites in this State.

Upon the school campus there is to be built a second structure for that department as well, one to cost about \$20,000, which will afford space for new shops and kitchens for the manual training and domestic science departments.

LEMON SUCCESS.

Lemon growers regard the present season as the most successful in the history of this district, and anything better than this year's crop, net average all grades, has been this year an indication of unusually poor fruit.

Lemons picked this fall have been of exceptionally fine grade, have cured with a net average of 100 per cent, and have been a net unheard-of price.

Walter Shippey, of the Zante district, claims the record for the State for this year, securing more than 1400 packed boxes of lemons from an orchard three years and three months old, the average yield per acre for the district being \$7.00 per box, net for all grades.

TULARE RESULTS.

REPUBLICAN SUCCESSES.
[Special Correspondence of The Times.]
VISALIA, Nov. 11.—With parts of the country wandering politically into the wilderness after strange gods and taking up with many "isms" and "isms," it is comforting to turn to the results in Tulare county, where the majority of the voters are Republicans. For the first time in the history of this county the Republicans elected a majority of the officials. As there was a number of mountain precincts without telephone communication to the county seat, it was not

until today that the result was known beyond question.

Republicans elected beyond doubt are E. O. Larmon, for State Senator; G. W. Wyllie, for Assemblyman; Frank Lamberson, for District Attorney; W. W. Collins, for Sheriff; Ira Christman, for Recorder; W. E. Brooks, for Coroner; F. O. Loveless, for County Surveyor; A. M. Coburn, for clerk; the present trend of political faith, it is apparent that in another four years Tulare will be overwhelmingly in the ranks of the G. O. P.

In cases where the Democrats won it was by the barest margin and reduced pluralities of four years ago, which in some instances were two-to-one votes over their opponents. From the present trend of political faith, it is apparent that in another four years Tulare will be overwhelmingly in the ranks of the G. O. P.

FORESTRY BOARD.

ORGANIZATION COMPLETED.

[Special Correspondence of The Times.]
TULARE, Nov. 11.—Organization of the Tulare County Forestry Board has been completed, with John Touhy of this city, president; W. A. Bates of Dinuba, secretary, and the other members, Thomas Jacobs of Visalia, W. P. Bartlett of Porterville and Fred Heese of Tipton.

By the State law the board is empowered to appoint one man at a salary of \$150 per month to act as the county forester, but the members have appointed one another to the positions, one to serve in each supervisory district without pay.

According to the law, the board has posted at various places throughout the county signs which bear warning to servants of a tree, plant, shrub, or even a line hedge bordering on the highway, without the permission of the board, is a misdemeanor. One of the chief activities of the board will be preventing power, telephone and telegraph companies from the mutilation of trees along the highway, there having been numerous complaints in the past year on this score.

TILLS ARE DEPLETED.

BURGULARS' FINGERS IN 'EM.

[Special Correspondence of The Times.]
FRESNO, Nov. 11.—The city of Fresno has another burglarious last night, this time it being the butcher shops of the city that were victimized. Only small sums were taken from tills, but the loss made to blow up the shops. Windows were pried open and screens cut. The Park meat market in the center of the city was the largest victim, with a loss of about \$10.

The biggest piece of "pie" in the political fight in this county is to be made the subject of court procedure. It is the public administratorship. According to the early reports, C. W. Seal, the Democratic nominee, had won easily over the present administrator, George R. Andrews. Late reports gave Andrews a majority of between 40 and 50, with a few more precincts yet to be heard from. Last night, Andrews proposed to Seal that he bind themselves to abide by the official count, but this Seal refused to do, so there will be a judicial hearing, no matter who gets the decision from the board supervisors.

George W. Colby and H. E. Higgins of San Francisco, are at the Hayward, Colby is traveling freight agent and Higgins passenger agent of the Western division of the Erie Railroad.

Do You Know What This Trade-Mark Stands For?

It stands for the best, the purest, the most wonderful flesh and strength-producing preparation in the world. It is your protection against fraud, imitations and hundreds of cheap, worthless substitutes.

It is known the world over as the trade-mark of the original and standard preparation of Cod Liver Oil.

Scott's Emulsion

For low vitality, thin blood, loss of flesh, stubborn coughs, lung and chest troubles, Scott's Emulsion has been for more than thirty-five years the standard remedy.

Be sure this Trade-Mark is on the wrapper.

MARKET BASKET

BARGAINS FOR BUSY HOUSEWIVES

BROADWAY PALACE MARKET

SIX TWENTY-TWO SOUTH BROADWAY

Last Saturday was the banner day at the Big White Market. If you will establish and note with what modern and sanitary appliances everything you surely will join the host of customers we are making every day. REMEMBER IT IS SUPREME—PRICES THE LOWEST.

SPECIALS FOR SATURDAY

NOTE OUR NEW DEPARTMENTS
\$1.00 worth of Stamps (10) given FREE with each pound of our famous Coffee and Tea. No equal on the market at any price—if there was we would not be here.
